

## **"Moving Forward Together in Love"**

Moving forward together in love  
We have all we need and it's more than enough  
Unlimited, boundless, all things are possible  
We're rich in thought, word and deed.

Moving forward together in love  
Our path is made clear because God is here  
The world is as big as our vision can be  
We manifest all we can see.

One love, one power  
One source are we.  
One light, one spirit  
One promise to be.

Moving forward together in love

One light, one spirit  
One promise to be.

One source are we.  
One light, one spirit  
One promise to be.
